

SmartBiz Naked DSL Next Generation Broadband

Adam Internet's ADSL2+ range of services are a revolutionary step for Internet connectivity in Adelaide. These high-speed services allow access to streaming media, large websites, VOIP and a wide range of other applications that have previously been impossible with traditional technology.

SmartBiz Naked DSL works the same way existing ADSL does, providing high-performance Internet service on a dedicated line but without the added cost of phone line rental. Naked DSL runs on Adam Internet's own network which provides high quality, fast and cost effective services.

SmartBiz Naked DSL packages are especially designed to include a professional-grade ADSL2 connection with a wide range of speed/data options, ensuring that you get a plan that suits your exact requirements. All SmartBiz services have access to our premium business helpdesk to ensure that any queries are addressed as quickly and efficiently as possible.

Our SmartBiz Naked DSL services include :

- ✓ Business-grade ADSL2 connection to your premises including unlimited uploads
- ✓ Static IP Address with option to add additional IP Addresses if required
- ✓ Bonus off-peak data allowance
- ✓ Supply of business grade hardware with firewall protection including 1 hour Hot Swap
- ✓ Priority Business Technical Support
- ✓ Disaster Recovery dialup 24x7
- ✓ Choice of either a Shaped (fixed price) or Premium (always full speed) data allocation
- ✓ Free hosting of 10 business email accounts under your own domain (email@yourbusinessname.com.au)

SmartBiz Naked DSL services have a low once off setup fee of \$129 including Activation to your local telephone exchange.

SmartBiz Naked DSL – Speed up to 24,000K/1000K	Included Data	Annual Cost
SmartBiz Naked DSL Starter	10GB + 10GB bonus off-peak	\$ 1008.00 pa
SmartBiz Naked DSL Light	20GB + 20GB bonus off-peak	\$ 1128.00 pa
SmartBiz Naked DSL Medium	40GB + 40GB bonus off-peak	\$ 1368.00 pa
SmartBiz Naked DSL Average	60GB + 60GB bonus off-peak	\$ 1968.00 pa
SmartBiz Naked DSL Super	80GB + 80GB bonus off-peak	\$ 2448.00 pa
<i>On AdamDirect ADSL2 plans 1500K/256K is our minimum guaranteed speed. The maximum speed will depend on your equipment and the length/quality of your telephone line from your local exchange.</i>		

Choice of Fixed Price or Premium billing options

On fixed price setting (default), your account will be 'shaped' to 128K speed, until your next billing cycle should you exceed your data allocation. On premium price setting (optional) your account will never be slowed, with data above your allowance billed at only 1c/MB.

Priority Business Technical Support

Business customers are provided with a priority support phone number for speedy resolution of any technical enquiries 7 days per week.

ADSL Business Grade Hardware

As an Adam Internet Business client, you will have the option to purchase an approved ADSL Modem/Router for your new DSL plan. All business hardware supplied by Adam Internet supports ADSL1, ADSL2, ADSL2+ and AnnexM. All models feature an Active Firewall for increased security. All models include VPN for "work from home" or to connect multiple offices together so you can share files and printers. All business hardware includes configuration for our Internet service and delivery to your premises in SA.
